Chief Commissioner's Review

MALAYSIA BAHARU, HARAPAN BAHARU

Selama beberapa dekad, rasuah diibaratkan sebagai satu penyakit yang sukar diubati sehingga boleh menyebabkan ancaman kepada pembangunan ekonomi sesebuah negara. Ia tidak dapat dinafikan rasuah juga merupakan satu wabak yang boleh menjejaskan pembangunan sosial dan pengembangan moral. Oleh yang demikian, Suruhanjaya Pencegahan Rasuah Malaysia (SPRM) telah berjaya melaksanakan tindakan-tindakan sewajarnya dalam usaha memerangi amalan jenayah rasuah di negara ini.

Dengan pembentukan kerajaan baharu, SPRM mendapat harapan baharu untuk memastikan individu yang mempunyai kuasa, kedudukan, status, sumber kewangan mahupun perlindungan tidak akan terlepas tanpa menanggung akibat perbuatan rasuah mereka.

Bagi mengkaji aspek rasuah, SPRM kini sedang melihat kepada sistem yang menyebabkan dan menggalakkan rasuah daripada berskala yang kecil ke skala besar di Malaysia.

1 MALAYSIA DEVELOPMENT BERHAD

Sejak tahun 2015, Malaysia telah berhadapan dengan beberapa skandal rasuah di peringkat global bernilai berbilion Ringgit Malaysia sehingga bukan sahaja reputasi Malaysia malah akauntabiliti SPRM sebagai satu-satunya agensi antirasuah negara turut terjejas.

Pembentukan kerajaan baharu selepas Pilihan Raya Umum ke-14 pada 9 Mei 2018 telah memberi harapan dan aspirasi baharu kepada SPRM untuk menyelesaikan krisis rasuah yang membelenggu Malaysia.

NEW MALAYSIA, NEW HOPE

For decades, corruption had been described as an incurable disease, threatening the development as well as the economic growth of a country. It is undeniable, corruption has also become a pandemic affecting the social development and moral fabric. Thus the Malaysian Anti-Corruption Commission (MACC) had made commendable efforts and achieve extensive successes in its cause to eliminate corrupt practices in the country.

With the formation of new government, the MACC saw new hope to ensure those with resources of power, status, money, or protection does not get away from their corruption misdeeds and faces the consequences.

The MACC, in order to analyses all of the aspect of corruption are also looking into the elements of the system that generates and encourages graft from smaller to bigger scale in Malaysia.

1 MALAYSIA DEVELOPMENT BERHAD

Since the year 2015, Malaysia has been slapped with numerous world class corruption scandal involving Billions which had tarnished the reputation of not only Malaysia but as well as the accountability of the MACC - the sole anti-corruption agency of the country.

With the formation of the new government after the 14th General Election on 9th May 2018 has brought new hope and aspiration for the MACC to overcome corruption crisis faced by Malaysia.

The change of the government had shed light for the MACC to solve the long pending investigation on 1MDB- the Grand Corruption entangled the country by completing the Investigation Paper and crafted history when we prosecuted the former Prime Minister of Malaysia for his involvement in the 1MDB scandal.

Pentadbiran kerajaan baharu telah membuka jalan kepada SPRM untuk menyelesaikan siasatan kes 1MDB yang tertangguh sekian lama dengan melengkapkan kertas siasatan serta berjaya mengukir sejarah apabila bekas Perdana Menteri Malaysia didakwa kerana terlibat dalam skandal **kleptocracy** terbesar di dunia.

PENGUATKUASAAN

Bagi tahun 2018, SPRM telah melaksanakan pelbagai tindakan dan berjaya menyelesaikan beberapa kes berprofil tinggi termasuk mendakwa bekas Perdana Menteri negara yang terlibat dengan skandal **kleptocracy** terbesar di dunia.

Sepanjang tahun ini, SPRM telah menerima sejumlah 4,396 maklumat yang mengandungi unsur-unsur rasuah dari pelbagai sumber dan 833 Kertas Siasatan telah dibuka. Sementara itu, sejumlah 894 tangkapan dibuat pada 2018 yang mana 418 (46.76%) daripada mereka merupakan penjawat awam.

Selain itu, 238 individu telah didakwa termasuk empat ahli politik yang memegang jawatan penting dalam kerajaan terdahulu. Manakala sebanyak 288 kes telah disabitkan kesalahan dan bilangan sabitan ini mencatatkan pencapaian tertinggi dalam sejarah pendakwaan SPRM iaitu 90.5%.

PENCEGAHAN

Perjuangan membanteras jenayah rasuah tidak akan dapat dilaksanakan tanpa faktor pencegahan yang menitikberatkan penerapan pendidikan antirasuah yang efektif, interaksi bersama orang awam dan pelaksanaan program kesedaran masyarakat yang berterusan.

SPRM telah menganjurkan dan mengambil bahagian dalam pelbagai program proaktif dalam usaha untuk mewujudkan kesedaran dengan menanamkan pendidikan anti-rasuah kepada rakyat.

ENFORCEMENT

The MACC's enforcement for 2018 was applauded for its success in completing investigation on several high profile cases including prosecuting the former premier of the country who was implicated with the largest **kleptocracy** in the world

Throughout the year, the MACC received a total of 4,396 information containing elements of corruption from various sources and 833 Investigation Papers were opened. Meanwhile, a total of 894 arrest were made in 2018 where 418 (46.76%) of those arrested are civil servants.

On prosecution, 238 were prosecuted including four politicians while 288 cases were convicted and sentenced. This number breaks the record with being the highest achievement in the MACC's prosecution history.

PREVENTION

The fight against corruption would be flimsy without the prevention factor where effective anti-corruption education, public interaction and awareness programs are conducted.

The MACC had organized and participated in various proactive programmes in our approach to create awareness by instilling anti-corruption education to the people.

In 2018, a total of 1,069 programs was conducted by the Community Education Division involving government agencies, Government Link Companies, Public, Private sectors, NGOs as well as students and youths nationwide.

A total of 191 programs focusing on students and youths were also held. A number of 43,181 students and youths were exposed to anti-corruption education through these programs.

Pada tahun 2018, sejumlah 1,069 program telah dilaksanakan oleh Bahagian Pendidikan Penmas melibatkan agensi-agensi kerajaan, Syarikat Berkaitan Kerajaan, sektor Swasta, NGO serta pelajar dan belia di seluruh negara.

Daripada jumlah tersebut, 191 program melibatkan 43,181 pelajar dan belia telah dijalankan untuk mendedahkan mereka kepada pendidikan anti-rasuah melalui program-program ini.

TRANSFORMASI 2.0

Salah satu manifesto oleh kerajaan semasa Pilihan Raya Umum 2018 adalah untuk membuat pembaharuan dan memperkasakan SPRM.

Berikutan itu, pelan 'Transformasi 2.0' telah dirangka bagi memulihkan semula keyakinan orang ramai ke atas SPRM.

Jawatankuasa Transformasi yang dibentuk pada 1 Oktober 2018 telah dipecahkan kepada tiga sektor iaitu Operasi, Pencegahan dan Pengurusan & Profesionalisme di mana setiap sektor bertanggungjawab untuk memurnikan langkah-langkah transformasi dan menambah baik perjalanan operasi SPRM.

TENAGA KERJA DAN KEKUATAN SPRM

SPRM sentiasa meletakkan kepercayaan pada pegawainya kerana sentiasa menzahirkan komitmen yang tinggi dalam melaksanakan dua teras utama agensi ini iaitu Penguatkuasaan dan Pencegahan.

Pencapaian dan sokongan SPRM selama ini tidak mungkin membuahkan hasil tanpa pengorbanan dan usaha tidak berbelah bahagi oleh setiap pegawai dan kakitangan SPRM.

Dengan peningkatan jumlah kes dan tanggungjawab yang perlu dilaksanakan, tenaga kerja sentiasa menjadi satu isu bagi SPRM. Kerajaan sedar akan keperluan peningkatan tenaga kerja untuk SPRM

TRANSFORMATION 2.0

One of the manifesto by the government during 2018 General Election was to reform and strengthen the MACC.

Subsequently, a plan namely 'Transformation 2.0' was drafted to regain public confidence towards the MACC.

The Transformation Committee which was formed on 1st October 2018 has been segregated into three sectors which are operations, preventions and Management & Professionalism where each sector have to responsible to fine tune on the transformation measures to improvise operations of the MACC.

MACC'S MAN POWER AND STRENGTH

The MACC had always laid its utmost trust on the officers who has constantly been on the toes and put so much of hard work in implementing the two core business of the agency which is the Enforcement and Prevention.

The achievement and support the MACC has garnered over the years would have been impossible with the sacrifices and hard work of each and every MACC officers and staffs.

With the increasing amount of cases and responsibility to be implemented, the man power has always been a major issue for the MACC but the government has acknowledged the need of expanding the strength of the MACC and approved the intake of 100 officers each year for five years until 2023.

ENHANCING THE INTEGRITY OF PUBLIC SERVANTS

Government Administration Members has always been associated with corruption, embezzlement and abuse of power.

dan telah meluluskan penambahan 100 orang pegawai setiap tahun bagi tempoh lima tahun sehingga 2023.

MENINGKATKAN INTEGRITI ANGGOTA PENTADBIRAN

Anggota Pentadbiran Kerajaan sering dikaitkan amalan rasuah dan, penyelewengan dan salah guna kuasa. Apabila kerajaan baharu mula menerajui negara, antara inisiatif yang dilaksanakan adalah memperkenalkan peraturan yang mengehendaki Anggota Pentadbiran dan Ahli Parlimen Kerajaan mengisytiharkan harta mereka seperti termaktub dalam *Kod Etika Bagi Anggota Kerajaan dan Ahli Parlimen* kerajaan pemerintah.

Bagi mengukuhkan lagi ketelusan pematuhan *Kod Etika Bagi Anggota Kerajaan dan Ahli Parlimen* kerajaan turut membenarkan pengisytiharan tersebut dipaparkan kepada umum.

Justeru, bagi menyokong inisiatif tersebut, SPRM telah melancarkan Portal Pengisytiharan Harta di mana ia memaparkan maklumat pengisytiharan harta Anggota Pentadbiran dan Ahli Parlimen Kerajaan pemerintah pada 1 November 2018.

Selain itu, SPRM juga meneliti kelemahan dalam mekanisme penerimaan hadiah oleh anggota pentadbiran seperti yang termaktub dalam *Kod Etika Pentadbir Kerajaan 2009*.

USAHA ANTIRASUAH KERAJAAN

Isu rasuah merupakan cabaran besar kepada kerajaan untuk berdekad lamanya kerana jenayah ini bukan sahaja menyebabkan peningkatan kos sara hidup malah meminimumkan akses rakyat kepada perkhidmatan yang disediakan oleh kerajaan termasuk kesihatan, pendidikan dan sistem keadilan.

Oleh itu, kerajaan sentiasa mencari jalan baharu dan pendekatan untuk membanteras anasir rasuah bukan sahaja di agensi-agensi kerajaan

When the new government was formed, among the initiatives implemented was by introducing a new regulation where all Members of Administration and Members of Parliament are required to declare the assets as stipulated in the ruling government's "Code of Ethics for Members of Administration and Members of Parliament".

To further enhance the transparency and compliance towards the "Code of Ethics for Members of Administration and Members of Parliament", the information on Asset Declaration was made available for public viewing.

Therefore, in support of the initiative, the MACC had launched an Asset Declaration Portal where it publishes the information of asset declaration by Members of Administration and Members of Parliament on 1st November 2018.

Besides that, the MACC are also looking into the weaknesses in Gift Receiving mechanism by Administration Officials as stipulated in Government Administrator's Code of Ethics 2009.

GOVERNMENT ANTI-CORRUPTION INITIATIVES

Corruption has always been the biggest challenges to the government for decades as the pandemic increases the cost of living and minimises the people's access to government services including health, education and justice system.

Thus, the government constantly have been looking out for new ways and approaches to eradicate the menace not only within the government agencies but as well as private organizations and the society.

As a first move, the government reactivated Cabinet Special Committee on Integrity by re-branding it as Cabinet Committee on Anti-corruption (JKKMAR).

JKKMAR would look into policies relating to the strengthening of governance, integrity and anti-corruption efforts within government's administrative management system.

malahan juga di entiti swasta dan dalam kalangan masyarakat.

Sebagai langkah pertama, kerajaan telah mengaktifkan semula Jawatankuasa Khas Kabinet dengan nama baru iaitu Jawatankuasa Kabinet mengenai Anti-Rasuah (JKKMAR).

JKKMAR akan mengkaji dasar yang berkaitan dengan pengukuhan usaha tadbir urus, integriti dan anti rasuah dalam sistem pengurusan pentadbiran kerajaan.

Perdana Menteri, Tun Dr. Mahathir Mohamad kemudiannya mengumumkan penubuhan unit integriti dan tadbir urus (IGU) di semua syarikat berkaitan kerajaan (GLC) dan syarikat-syarikat yang dimiliki oleh kementerian serta jabatan kerajaan.

Dengan ini, integriti dan tadbir urus untuk semua GLC dapat diperkukuhkan dan dipertingkatkan.

Kerajaan melalui Jawatankuasa Antirasuah (JAR), SPRM dan JKKMAR akan memantau sistem pengurusan pentadbiran kerajaan.

PENGIKTIRAFAN DAN KERJASAMA ANTARABANGSA

SPRM sentiasa komited dalam usaha antirasuah dan salah satu aspek penting yang diketengahkan ialah ikhtiar dan kerjasama antarabangsa.

Tidak dapat dinafikan, kerjasama di peringkat antarabangsa selama ini telah sangat mendatangkan kejayaan yang memberangsangkan.

SPRM, menerusi pelbagai usaha, platform dan aktiviti telah memperoleh pengiktirafan antarabangsa dalam usaha anti rasuah dengan berkongsi dan bertukar pandangan mengenai operasi dan pencegahan rasuah.

Kerjasama Antarabangsa tidak dapat dicapai hanya melalui perkongsian teori tetapi juga perkembangan praktikal. Sehingga kini, SPRM telah menganjurkan dan menjalankan latihan berterusan yang menekankan kemahiran, pengetahuan dan

Subsequently, the Prime Minister, Tun Dr. Mahathir Mohamad announced the setting up of an integrity and governance unit (IGU) at all government-linked companies (GLCs) and corporations owned by ministries as well as government departments.

Through this, it is believed that the integrity and governance for all GLCs are strengthened and enhanced.

The government through the Anti-Corruption Committee (JAR), the MACC and JKKMAR would monitor the government's administrative management system.

INTERNATIONAL COLLABORATION AND RECOGNITION

The MACC has always on its toes when comes to anti-corruption efforts and one of the most vital countenance is international collaboration and cooperation.

It is undeniable that the significance of International cooperation has yielded success over the years.

The MACC, through various endeavors, platforms and activities has earned International recognition in its anti-corruption efforts by sharing and exchanging views on anti-corruption operations and prevention.

International Cooperation can be achieved only through theoretical sharing but also practical progression. Hitherto, the MACC has persistently organizing and conducting trainings that emphasizes on skill, knowledge and investigation to MACC officers, public servants, private entities as well as International delegations.

EPILOGUE

Undeterred with the tremendous challenges, the workforce of the MACC has overwhelmingly carried out their responsibility in ensuring to achieve the government's pledge to curb corruption as well as keep the people safe and serene from the menace.

penyiasatan kepada pegawai SPRM, kakitangan awam, entiti swasta serta delegasi antarabangsa.

PENUTUP

Walaupun berhadapan dengan pelbagai cabaran, warga kerja SPRM telah melaksanakan tanggungjawab mereka dalam memastikan untuk mencapai janji kerajaan untuk membendung rasuah serta memastikan rakyat selamat daripada ancaman rasuah.

Dalam pada itu, SPRM juga dalam usaha mengukuhkan Suruhanjaya ini dengan mencadangkan pindaan kepada Perlembagaan Persekutuan dan Akta Suruhanjaya Pencegahan Rasuah Malaysia 2009.

Harapan dan kepercayaan orang ramai sentiasa menjadi faktor motivasi bagi SPRM untuk menjunjung usaha antirasuah dengan penuh semangat dan saya harap sokongan ini akan terus memupuk hubungan yang kuat antara SPRM dan masyarakat.

Saya berharap kepercayaan akan terus diberikan serta menjadi motivasi kepada pegawai SPRM dalam menjalankan tanggungjawab mereka untuk terus membanteras rasuah di negara ini.

Dalam usaha untuk membawa cahaya baru kepada organisasi dan negara, saya menekankan kepada semua pegawai lebih tegas dan mengheret mereka yang terlibat dalam rasuah ke muka pengadilan.

On that note, the MACC has also been working in strengthening the Commission by proposing amendments to the Federal Constitution and the Malaysian Anti-Corruption Act 2009.

The public's hope and trust has always been the motivation factor for the MACC to undertake anti-corruption efforts vigorously and I hope this support would continue to foster a strong relationship between the MACC and members of the public for all the years to come.

I hope this trust will continue to grow and serve as a form of encouragement to MACC officers in deploying their task to further curb corruption in the country.

In our effort to bring new light to the organization and country, I've emphasized our officers to be more stringent and bring those corrupts to justice.

MEKANISME SEMAK DAN IMBANG

Lima mekanisme semak dan imbang diwujudkan untuk memantau pelaksanaan fungsi dan operasi SPRM sejak tahun 2009.

Walau bagaimanapun, pada tahun 2018 hanya tiga badan pemantau bertindak sebagai mekanisme semak dan imbang kepada SPRM untuk memberi nasihat atas tindakan-tindakan yang dilaksanakan oleh SPRM iaitu Jawatankuasa Aduan (JKA), Panel Penilaian Operasi (PPO) dan Panel Perundingan dan Pencegahan Rasuah (PPPR).

Lima ahli panel JKA dilantik melalui Seksyen 15 Akta SPRM 2009 manakala PPO dan PPPR dilantik secara pentadbiran oleh Perdana Menteri.

Manakala ahli panel Lembaga Penasihat Pencegahan Rasuah (LPPR) dan Jawatankuasa Khas Mengenai Rasuah (JKMR) telah tamat tempoh dan masih belum dilantik.

CHECK AND BALANCE MECHANISM

There are five external oversight bodies functions as check and balance mechanism to over look, scrutinize and advice the MACC on its operation.

However, currently only three watchdogs are functioning as Check and Balance Mechanism to the MACC in providing advice on its actions which is the Complaints Committee (CC), Operation Review Panel (ORP) and Consultation and Corruption Prevention Panel (CCPP).

The five CC panels was appointed in-accordance to the requirement of section 15 of the MACC Act 2009 whilst the panels of ORP and CCPP were appointed administratively by the Prime Minister.

The term for Anti-Corruption Advisory Board (ACAB) and Special Committee on Corruption (SCC) panels had expired and yet to be appointed.

“ Lima ahli panel JKA dilantik melalui Seksyen 15 Akta SPRM 2009 manakala PPO dan PPPR dilantik secara pentadbiran oleh Perdana Menteri. ”

Bekas Ketua Setiausaha (KSU) Kementerian Kemajuan Luar Bandar dan Wilayah dipenjara tiga tahun dan denda RM3 juta oleh Mahkamah Sesiyen di sini semalam, selepas didapati bersalah bersubahat dengan anak sulungnya menerima rasuah RM627,636.

Hakim Azura Ahvi menjatuhkan hukuman itu terhadap Datuk Mohd Arif Ab Rahman, 61, dan anak sulungnya Ahmad Zuhairi, 36, selepas mendapati pihak pendakwaan berjaya membuktikan kes melampaui keraguan munasabah di akhir kes pembelaan.

Terdahulu, mahkamah menjatuhkan hukuman kepada bekas pegawai rasuah itu sebagai upah kerana beri projek BELB Sistem Solar Hybrid di empat pulau terpencil di Sandakan, Sabah.

Mahkamah turut memerintahkan Mohd Arif dan Ahmad Zuhairi masing-masing menjalani tambahan hukuman penjara tiga tahun dan 10 tahun sekiranya gagal membayar denda.

Azura dalam penghakimannya, berkata pihak pendakwaan tidak memberi penjelasan yang jujur dan hanya penafian semata-mata. "Pihak pendakwaan berjaya membuktikan terwujud elemen menjurus kepada menerima rasuah yang dilakukan oleh Ahmad Zuhairi.

"Walaupun Ahmad Zuhairi bukan penjawat awam, dia ada memberitahu ayahnya akan dipindahkan ke Kementerian Kemajuan Luar Bandar dan Wilayah, selepas itu dia datang dan

hubung projek solar berkenaan," katanya.

Bagaimanapun, mahkamah membenarkan permohonan penangguhan hukuman penjara itu dan denda ke atas Mohd Arif dan Ahmad Zuhairi.

Berdasarkan kertas pertuduhan, Mohd Arif didakwa bersubahat dengan Ahmad Zuhairi menerima rasuah berjumlah RM627,636 di Royal Lake Club, Jalan Cenderamulia, di sini di antara jam 4 petang hingga 7 malam, pada 23 Ogos 2016.

Ahmad Zuhairi didakwa menerima suapan wang tunai dolar Singapura jumlah yang sama daripada pengarah syarikat Wazlina Sdn Bhd (Wazlina), Mohd Safian Mohd Salleh pada masa, tarikh dan tempat sama.

Suapan itu sebagai upah untuk Ahmad Zuhairi dan ayahnya kerana memberikan projek Bekalan Elektrik Luar Bandar (BELB) Sistem Solar Hybrid di empat pulau terpencil di Sandakan, Sabah, bernilai RM60 juta kepada syarikat sekutunya, Wazlina Sdn Bhd.

Wazlina Sdn Bhd didakwa menerima suapan dari pihak berkuasa tempatan untuk mendapatkan projek itu. Wazlina Sdn Bhd didakwa menerima suapan dari pihak berkuasa tempatan untuk mendapatkan projek itu.

PENGURUSAN RISIKO RASUAH

Pengurusan Risiko Rasuah (CRM) merupakan pendekatan yang dilaksanakan oleh SPRM bagi membantu badan awam mahupun swasta untuk mengesan dan menilai risiko rasuah yang wujud dalam organisasi. Pelaksanaan CRM secara tidak langsung dapat memperkemas sistem dan prosedur organisasi berdasarkan risiko-risiko rasuah yang didaftarkan semasa sesi bengkel dilaksanakan sekaligus berupaya menutup ruang serta peluang berlakunya rasuah, salah guna kuasa dan penyelewengan. Bengkel CRM yang diadakan dapat membantu sesebuah organisasi membangunkan Pelan Pengurusan Risiko Rasuah. Sepanjang tahun 2018, sebanyak 21 bengkel CRM telah dikendalikan oleh SPRM seperti yang dinyatakan dalam Jadual (27);

CORRUPTION RISK MANAGEMENT

Corruption Risk Management (CRM) is an approach introduced by the MACC to assist both public and private bodies to assess the risks of corruption in the organization. Implementation of CRM can streamline an organization's system and procedures indirectly based on the corrupt risks registered during the workshop session besides able to close the opportunities and loop holes of corruption, abuse of power and misappropriation. The CRM workshop also helps organizations to develop a Risk Management Plan. Throughout 2018, 21 CRM workshops were conducted by the MACC as stated in Table (27);

MEMPERKASAKAN USAHA MEMBANTERAS RASUAH, INTEGRITI CEMERLANG TERAS KEJAYAAN

Perdana Menteri Malaysia, Tun Dr. Mahathir Mohamad memberikan penekanan dalam memastikan kerajaan melaksanakan tugas dan tanggungjawab sebagai pemegang amanah rakyat dengan mempraktikkan integriti yang tinggi, bersikap profesional, berkeperibadian luhur, mempunyai ketelusan, responsif dan musyawarah. Kepercayaan dan keyakinan rakyat terhadap penyampaian kerajaan merupakan satu kriteria penentu kepada kemampuan kerajaan dalam memberikan perkhidmatan yang terbaik. Oleh yang demikian, SPRM memainkan peranan yang penting untuk memantau, menyelia dan menyelaras pelaksanaan fungsi Unit Integriti Syarikat Berkaitan Kerajaan (GLC), Syarikat-syarikat yang dimiliki oleh Kementerian dan Agensi Kerajaan termasuk di bawah Kerajaan Negeri.

Pada awal tahun 2018, Bahagian Pengurusan Integriti Agensi (BPIA) SPRM hanya memantau, menyelia dan menyelaras pelaksanaan fungsi Unit Integriti GLC dan swasta selepas penubuhan Jabatan Integriti dan Tadbir Urus Negara (JITN). Seramai 15 orang pegawai SPRM telah ditempatkan di Unit Integriti GLC dan Swasta. Walau bagaimanapun, tanggungjawab pemantauan dan penyelarasan Unit Integriti Agensi Awam telah dikembalikan semula kepada SPRM pada 21 September 2018 melalui keputusan Mesyuarat Jawatankuasa Khas Kabinet Mengenai Anti Rasuah (JKKMAR).

Sepanjang tahun 2018, Unit Integriti GLC telah melaksanakan pelbagai aktiviti dan inisiatif melalui enam fungsi teras yang digariskan. Berikut merupakan inisiatif yang dilaksanakan sepanjang tahun 2018 sebagaimana di Jadual (28);

The people's trust and confidence on government's administrative is an important determinant on the government's ability to provide the best services. Hence, the MACC plays a significant role in monitoring, supervising and coordinating the implementation of Integrity Unit at Government-Linked Companies (GLC), Ministries and Government agencies including those under the state government.

In early 2018, the MACC's Integrity Management Agency Division (BPIA) only monitored, supervised and coordinated the implementation and operation of Integrity Unit at GLC and Private Companies after the establishment of Department of Integrity and Governance (JITN). A total of 15 MACC officers were placed at GLCs and Private Companies Integrity Unit. However, the responsibilities of monitoring and coordinating Public Agency's Integrity Unit were restored to the MACC on 21st September 2018 through the decision of Special Cabinet Committee Meeting on Anti-Corruption (JKKMAR).

Throughout 2018, the GLC's Integrity Unit has carried out various activities through six core functions outlined. The following are the initiatives taken throughout year 2018 as shown in Table (28);

Penarafan semula risiko organisasi dilaksanakan setiap tiga tahun atau mengikut keperluan. Pada tahun 2018, SPRM telah melaksanakan penarafan semula risiko ke atas 926 agensi awam yang merangkumi Kementerian Persekutuan dan Negeri, Jabatan Persekutuan dan Negeri, Badan Berkanun Persekutuan dan Negeri, Badan Tidak Berkanun dan Pihak Berkuasa Tempatan.

The organization's risk rating would be evaluated every three years or as when it requires. In 2018, the MACC performed a risk re-evaluation on 926 government agencies which covers the Federal and State Ministries, Federal and State Departments, Federal and State Statutory Bodies, Non-Statutory Bodies and Local Authorities.

Press Conference Session on Governance, Integrity and Anti-Corruption Briefing by Prime Minister

KOMUNIKASI DAN PENGURUSAN MEDIA

Bahagian Komunikasi Strategik (BKS) memainkan peranan penting bagi menyebarkan berita serta kejayaan tindakan-tindakan SPRM kepada masyarakat menerusi pelbagai saluran media.

Sehubungan itu, BKS telah mewujudkan rangkaian kerjasama erat dengan bahagian-bahagian lain dalam SPRM bagi memastikan semua berita dapat disampaikan kepada masyarakat menerusi jalinan kerjasama media tempatan dan antarabangsa.

Tidak dapat dinafikan bahawa dengan kerjasama dan hubungan erat antara BKS dan pelbagai agensi media, SPRM sentiasa dapat menyampaikan berita berkaitan tindakan-tindakan operasi serta pencegahan dengan berkesan dari semasa ke semasa.

Pada 2018, selepas pembentukan barisan kabinet oleh Kerajaan susulan Pilihan Raya Umum Ke-14 pada 9 Mei, satu taklimat khas mengenai Tadbir Urus, Integriti dan Pencegahan Rasuah telah diadakan di Ibu Pejabat SPRM.

Taklimat yang diadakan buat julung kalinya itu dihadiri oleh kira-kira 160 pegawai pentadbiran kerajaan terdiri daripada barisan menteri kabinet baharu termasuk Perdana Menteri, Tun Dr. Mahathir Mohamad.

BKS bertanggungjawab menguruskan sidang media oleh Perdana Menteri di bilik sidang media SPRM yang dihadiri oleh media tempatan dan antarabangsa serta menerima liputan media yang luas.

COMMUNICATIONS AND MEDIA MANAGERMENTS

The Strategic Communication Division (BKS) plays a crucial role in disseminating news and successes of the MACC to the mass via variable media channels.

Therefore, BKS works closely with other departments within the organization to get hands on information which needed to be communicated to the mass through close alliance with local and international media campaigns locally and internationally.

It is inevitable that with the cooperation and close rapport between BKS and the various media fraternity, the MACC has always kept the public well informed of the organization's operational and prevention efforts from time to time.

In 2018, with the formation of new cabinet line-up after the 14th General Election on 9th May, a briefing on Governance, Integrity and Anti-Corruption was held at the MACC's Headquarters.

The first ever briefing was attended by approximately 160 government administration officers comprising of new line up of Cabinet ministers including the Prime Minister, Tun Dr. Mahathir Mohamad.

BKS was responsible in managing the press conference by the Prime Minister held at the MACC's media conference room which was attended by various local as well as international media and received vast media coverage.

The Arrival of Prime Minister for The Governance, Integrity and Anti-Corruption Briefing

A) Pengurusan Media Kes 1MDB

Tahun 2018 merupakan tahun yang amat mencabar bagi BKS kerana bahagian ini bertanggungjawab dalam pengurusan liputan promosi dan berita melibatkan siasatan kes 1Malaysia Development Berhad (1MDB) serta pendakwaan. BKS perlu memastikan maklumat yang dilaporkan oleh media adalah tepat, tidak menjejaskan siasatan dan yang paling penting adalah dalam memberikan tindak balas dengan kadar segera apabila wujudnya krisis.

Hasil rangkaian kerja yang baik dengan media, semua berita berhubung dengan siasatan 1MDB mendapat liputan berita yang meluas.

Sejak siasatan kes 1MDB dimulakan semula pada tahun 2018, sejumlah sepuluh kenyataan media telah diedarkan oleh SPRM.

A) 1MDB Case Media management

Year 2018 was a challenging year for BKS as to manage the promotional and news coverage for the 1 Malaysia Development Berhad (1MDB) investigation as well as prosecution. BKS was responsible to ensure the information published are accurate, does not jeopardise the investigation at any cost and most importantly the timely responses in managing a crisis.

With a strong working network with the media, all the news received extensive news coverage and reaches the mass on time.

Since the investigation into 1MDB re-initiated in 2018, a total of ten press releases were issued by the MACC.

PEMBANGUNAN SIMULASI: *SMALL-ARMS TRAINING SYSTEMS*

Bagi mempertingkatkan kebolehan dan kemahiran pegawai SPRM secara individu dan berpasukan dalam pengendalian senjata api, SPRM telah membangunkan Small Arms Training Systems (SATS) berasaskan sistem latihan dan ujian kemahiran menembak dari Amerika Syarikat.

Sistem ini yang diimport dari Amerika Syarikat mengsimulasikan situasi-situasi berisiko tinggi yang sebenar, secara realistik untuk membantu meningkatkan kemahiran pegawai SPRM dalam mengendalikan senjata api dan dalam masa yang sama dapat memahami serta melaksanakan kaedah pengendalian senjata api sebagaimana termaktub dalam Perintah Tetap Ketua Pesuruhjaya SPRM.

Sejak sistem ini diperkenalkan pada tahun 2018, ia telah melahirkan pegawai-pegawai SPRM yang mahir dan cekap dalam pengendalian senjata api dalam apa jua situasi.
